Lisa,

During one of conference calls with Denny and Tasha last week, they had asked us to send the list of threshold limits for each store. Attached is the threshold limits that we implemented this past weekend for all Walgreens stores serviced from their Perrysburg DC. I have included all CII drug families and the threshold limit that is in our system as of this morning. These values are dynamic and can change as we continue to evaluate the stores.

Please feel free to share this with Walgreens as appropriate.

Thanks,
